

Ainsley Cocks

Ainsley Cocks is the Research and Information Officer with the Cornwall and West Devon Mining Landscape World Heritage Site (or Cornish Mining World Heritage Site), hosted by Cornwall Council.

Born and raised in Cornwall, Ainsley has a background in industrial archaeology and mining heritage and holds a Post Graduate Diploma in Industrial Heritage Management (University of Exeter/Camborne School of Mines). He commenced work on the Nomination for World Heritage status in 2001 and since inscription in 2006 has managed research and information gathering to inform UNESCO Periodic Reporting requirements, conservation project delivery, and the many and various enquiries posed by partner local authorities, heritage and other agencies, and the public.

The title of Ainsley's presentation is 'World Heritage and UN Sustainable Development Goals' during which he will explain that Climate Change has considerable potential to impact on World Heritage. The presentation addresses the Cornwall and West Devon Mining Landscape World Heritage Site and how UN Sustainable Development Goals (SDGs) have been integrated into the World Heritage Site Management Plan 2020-2025.
