## News Update

### **World Heritage UK ready to assist authorities in retaining Liverpool's World Heritage Site status**

**WHUK deeply regrets that the UNESCO World Heritage Centre has recommended removing Liverpool from the list of inscribed World Heritage Sites at the meeting of the World Heritage Committee in July.**

**WHUK recognises that Liverpool has a long history of building and rebuilding and that there will always be tension between development and conservation in a city like Liverpool which needs regeneration, investment, jobs and growth, as well as heritage protection.**

to find a compromise be made to avoid the loss of this key element of the UK's cultural and natural heritage collection of international significance.
